

COMBINED DECLARATION / POWER OF ATTORNEY

CUSTOMER NO.: 23696

ATTORNEY DOCKET NO.: QCPA235

PATENT NUMBER: 5,912,882

AS BELOW NAMED INVENTOR, I HEREBY DECLARE THAT: This Declaration is of the following type:

- ☐ Original ☐ Supplemental ☐ Continuation-In-Part ☐ Divisional
☐ Continuation ☒ Reissue ☐ National Stage of PCT

My residence, post office address and citizenship are as stated below next to my name: I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in U.S. Patent Number 5,912,882, granted 15 June 1999, and for which a Reissue Patent is sought on the invention "Method and Apparatus for Providing a Private Communication System in a Public Switched Telephone Network," the specification of which:

- ☒ is attached hereto.
☐ was filed on _____ as Reissue Application Number
☐ was amended on _____ (if applicable).

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR §1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- ☐ By reason of a defective specification or drawing.
☒ By reason of the patentee claiming more or less than he had the right to claim in the patent.
☐ By reason of other errors.

At least one error upon which reissue is based is described as follows:

Applicants believe the original patent to be partly inoperative by reason of the patentee claiming less than the patentee had the right to claim in the patent. Applicants believe the claims of the patent to be too narrow. For example, such narrow claims fail to include an apparatus claim directed to a telephone unit, mobile telephone unit, or mobile station in a wireless communication system as detailed by the originally filed specification, such as the examples illustrated in FIGs. 3A, 3B and detailed from col. 7, line 52 to col. 9, line 15 of the issued patent, as well as others. This Application for Reissue seeks to enlarge the scope of the claims of the original patent, and is being filed within two years from the grant of the original patent as required by 35 U.S.C. §251.

All errors being corrected in this Reissue Application up to the time of filing of this declaration under 37 CFR §1.175 arose without any deceptive intention on the part of the Applicants. As a named inventor, I hereby appoint the following attorney(s) and/or agent(s) to prosecute this application and transact all business in the Patent and Trademark Office connected herewith.
